

The Automotive Aftermarket Charitable Foundation

We all know or have heard of individuals who have had a tragedy in their family and places them in a non-recoverable financial situation. For years, the automotive aftermarket has had a charity that helped such families, but it has been little publicized. Now, the Foundation is in the hands of industry professionals and truly wants to help individuals and families in need. The employee must be in the automotive aftermarket. The Foundation will examine each individual case and make a determination of what funds are needed. Here is the information and contact points. Save this page. We hope you never have to use it.

The AACF, or Automotive Aftermarket Charitable Foundation, was founded in 1959 to assist automotive aftermarket members and their families who, due to catastrophic illness or terrible accident, have exhausted all other available resources in maintaining a reasonable existence.

Our Mission - to provide sustainable solutions for those in great need - is what drives us every single day. To make good on our mission, we're staffed by a dedicated team of experienced industry executives who donate their time to this worthy cause.

But we can't do it alone.

The AACF depends on the generous assistance of companies and individuals within our industry to provide the financial support to fund the foundation. Together, we can assist those within our industry who desperately need help.

If tragedy strikes, it usually does so without warning. And when it does, the AACF is here to help find a solution.

Whether it's you, a loved one, co-worker, or someone you know in the industry that has fallen on hard times due to a catastrophic event or condition, you can turn to the AACF as an advocate and ally in this time of need. With professional experts and resources from across the Automotive Aftermarket, we provide advice and support - quickly and confidently.
