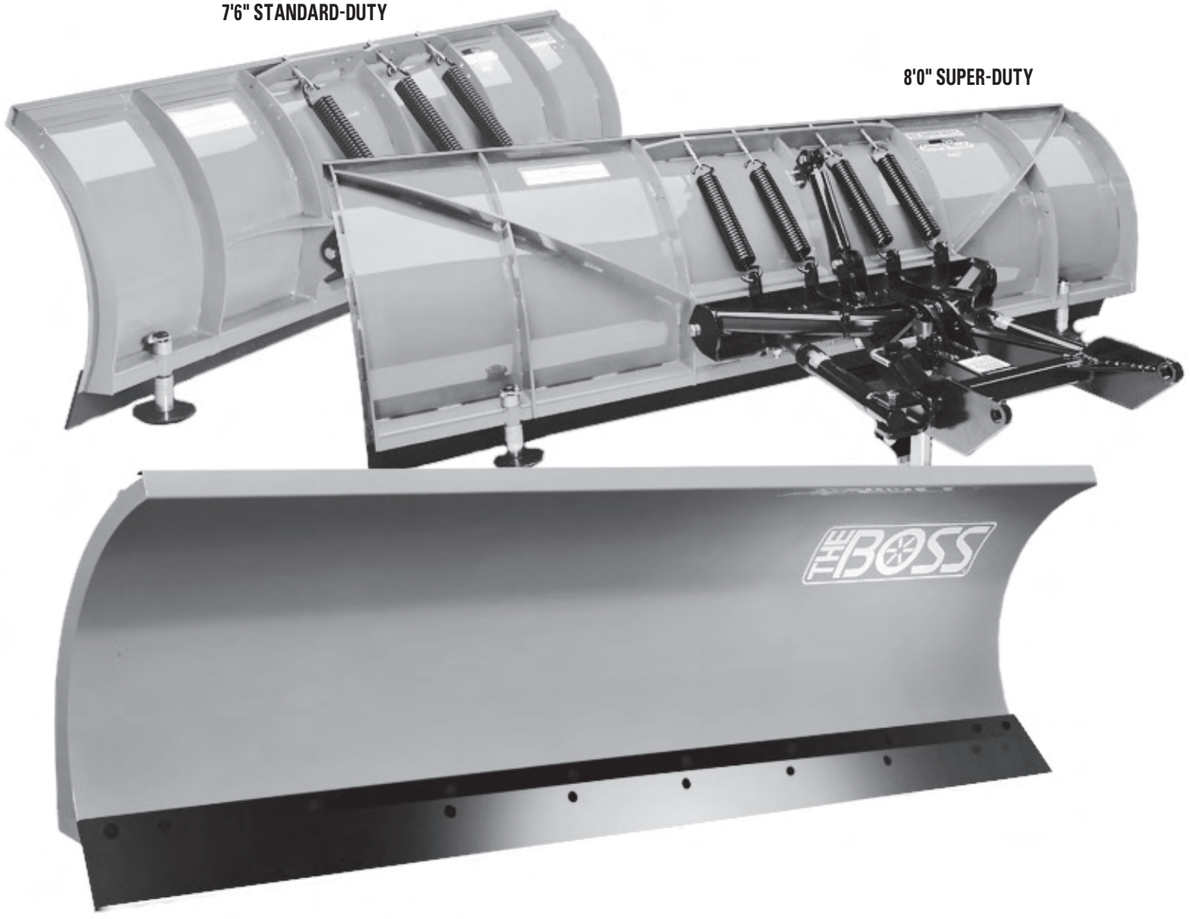
7'6" STANDARD-DUTY

8'0" SUPER-DUTY



STRAIGHT-BLADE PLOWS

STANDARD-DUTY STEEL 7'6" POLY 7'6"
SUPER-DUTY STEEL 7'6" 8'0" 8'6" 9'0" POLY 8'0"

STANDARD FEATURES:

- **HIGH-PERFORMANCE HYDRAULIC PACKAGE** delivers unmatched reliability and speed.
- **ENCLOSED HYDRAULICS** protects against corrosion and hydraulic freeze-up.
- **CHAINLESS HYDRAULIC CYLINDER LIFTING SYSTEM** eliminates snowplow bounce during transport.
- **FULL MOLDBOARD TRIP DESIGN** prevents plow damage when an obstacle is encountered.
- **HEAVY-DUTY PUSH FRAME AND QUADRANT** for additional strength and reliability.
- **REINFORCED MOLDBOARD** increases blade rigidity (Super-Duty only).
- **CAST-IRON PLOW SHOES** provide extended wear resistance compared to steel shoes.
- **BLADE SHOCK ABSORBER** stabilizes and cushions the trip action.
- **TWO-YEAR LIMITED WARRANTY** protects against material defects for peace of mind.

THE ULTIMATE WORKHORSE.

Built to face winter's frontlines, THE BOSS Standard-Duty and Super-Duty Straight-Blade Plows are the classic workhorses. But what sets them apart from other straight-blades is the attention to detail. The tough, long-lasting Steel Straight-Blade features a baked-on powder-coat paint finish with exclusive zinc primer to resist corrosion, while the super-slick polyethylene moldboard of the Poly Straight-Blade makes sure snow slides right off the blade–saving time, fuel and wear and tear on your truck. Exclusive features like a heavy-duty push frame and quadrant, optimized blade curl and the Super-Duty's reinforced moldboard make it a performer that leads all others in reliability and strength.

7'6" POLY STANDARD-DUTY

8'0" POLY SUPER-DUTY

ADD MORE WIDTH. GET MORE DONE.

THE BOSS PLOW WINGS. Increase your plow blade width by a full 22 inches at a 30-degree angle in just seconds. More width means less passes, which means you get the job done even faster. THE BOSS plow wings are designed with tough tubular steel, so when they are attached, they become an extension of the plow's tough steel frame and not a flimsy add-on. See pages 19–20 for more information.
