Automotive Aftermarket 2019 Calendar Program

Celebrate the Year 2019 by getting your message into the home and offices of your customers...daily.

2019

- Let them know that you intend to shine bright in this new age and will be there to serve their needs.
- Calendars are used all year. Plus they are often saved as personal records and looked at year after year.
- Calendars are used where buying decisions are made: on the job, in the office, on the road, or at home. 65% of all calendar recipients write appointments reminders on their calendar. This daily involvement keeps your advertising sign working all day, every day.
