

\$299 TireOne Everywhere

The **\$299 TireOne Everywhere** applies only to valid Tire and Service claims in which the covered vehicle becomes disabled or rendered non-drivable as a result of a condition covered under the Nationwide Repair Warranty or Road Hazard Warranty. In the event that a covered vehicle becomes disabled, the warranty administrator will refer the warranty holder to a location (not more than 25 miles from the location where the subject vehicle became disabled) which will honor the applicable warranty, or will give the consumer the option of choosing their own facility. If the warranty administrator is unable to refer the warranty holder to a location which is less than 25 miles from the disabled vehicle, the warranty holder will be awarded a payment by check in the amount of \$299. This pledge applies only to requests submitted directly to the warranty administrator during normal business hours.

- The **\$299 TireOne Everywhere** claim must be made and approved at the same time as a valid claim is approved.
- Routine maintenance such as tire rotations, air pressure/tread depth checks etc. are not eligible services.
